

Pat McCabe's Boys Lacrosse Clinics

Returning for the spring is our popular Boys Lacrosse Clinic run by Pat McCabe. Along with his experienced staff, Pat has designed a number of programs to ensure a great learning experience for everyone from beginners to the most experienced players. These classes have proven to be very popular and early registration is suggested.

Introductory class - Ages 4 and up. Designed for beginners with the goal of teaching the basics in a fun atmosphere. Players will concentrate on perfecting their scooping, cradling, catching, passing and shooting. Participants need to supply their own sticks.

Intermediate class - Ages 9 and up. (Depending on skill level) Designed for the player who has a basic knowledge of the game and has been in game situations. The goal of this program is to help young players gain a better understanding of the game and develop the skills needed to be a more strategic player on the field. Participants need to be dressed in full equipment.
